“Quality without compromise”

Medical Devices | Hospital Consumables | Hospital Equipment & Furniture | Health Kits | Diagnostics

Medical Devices | Hospital Consumables | Hospital Equipment & Furniture | Health Kits | Diagnostics

Morningside Pharmaceuticals Ltd supplies first quality healthcare products to the world. We supply medicines, medical products and equipment at a price that brings international standards of healthcare within reach of the developing nations.

Since 1991, Morningside has recognised the need for quality, yet affordable, healthcare products throughout the world.

With experience in exporting to more than 65 countries over 5 continents and in partnership with wholesalers, agents and distributors as well as Ministries of Health, Aid Agencies and United Nations we have achieved a sound reputation in the global market.

With headquarters in the United Kingdom, we strive to provide safe, cost effective healthcare to improve the standard of living of the nations we serve. Our aim throughout is customer satisfaction.

### Quality

We endeavour to ensure that every product supplied by Morningside meets our objective of quality without compromise.

We are dedicated to the management of quality throughout each process to ensure that this is maintained until the final product is received and beyond.

Our commitment to meeting the requirements of ISO 9001 and ISO 13485 (Medical Devices) as well as Good Distribution Practise (GDP) can be observed throughout all of our systems and procedures.

### Affordability

We offer cost effective solutions through our understanding of each individual market and its requirements. The manufacture of large volumes of products allows us to pass this discount onto our customers.

### Choice

We have developed our extensive range of **SENSECURE™** medical products covering devices, hospital consumables, equipment and furniture, kits and diagnostics to allow our customers to confidently procure over 200 products from a single reliable source. We offer a variety of specifications to meet individual market demands.

### Consolidation and Logistics

Consolidation of various product types maximises the range of items available and ensures efficiency and cost effectiveness for each and every shipment. We are committed to providing logistics solutions tailored to our client's specific needs and we work closely with our customers to meet their requirements.

### Partnership

We believe strongly that to be mutually successful we need to be "Your Partner in Healthcare". In partnership we can make quality healthcare an affordable and accessible reality in all nations around the world.
